## SUMMARY

Motivated Bachelor of Science in Information Technology student seeking an internship or entry-level software development opportunity to apply my knowledge in software and web development, gain practical industry experience, and contribute to the organization while continuously developing my technical and professional skills.

## TECHNICAL SKILLS

**Languages:** JavaScript, TypeScript, Python, Java
**Frontend:** HTML, CSS, React, Angular, Next.js, Tailwind CSS
**Backend:** Laravel, Node.js, Express.js, PHP
**Mobile:** Ionic, React Native
**Databases:** MySQL, SQLite
**Tools:** Git, GitHub, VS Code, Figma, Vercel, XAMPP

## ACADEMIC & PERSONAL PROJECTS

**VeriScan — Employee Management System** | **Capstone Project** *2026–Present*
*Technologies: Laravel, PHP, Python, JavaScript, MySQL*

- Developing a web-based employee management system covering attendance, schedules, leave requests, payroll, reporting, and role-based access.
- Implementing QR-based attendance and facial verification features.
- Designing database structures and backend functionality using Laravel and MySQL.

**DocuMind AI — Intelligent Document Assistant** *2025*
*Technologies: React, TypeScript, Python, Ollama*

- Developed an AI-powered document assistant for uploading and managing documents, searching content, and asking questions.
- Implemented a local AI workflow using Retrieval-Augmented Generation (RAG) for document-based question answering.

**CampusFlow — Student Companion Mobile App** *2025*
*Technologies: Ionic, Angular, TypeScript, HTML, CSS*

- Developed a student companion mobile application for schedules, tasks, grades, announcements, notifications, and personal settings.

## EDUCATION

- **NUEVA ECIJA UNIVERSITY OF SCIENCE AND TECHNOLOGY** *2023–Present*
  Bachelor of Science in Information Technology
  Penaranda, Nueva Ecija

## CERTIFICATIONS & TRAINING

- Python Essentials 1
- JavaScript Essentials 1
- Introduction to Modern AI
- Excel for the Future: Unleashing Tomorrow's Possibilities
- 3rd Power of Data: Empowering Data-Driven Decisions with Data Science, Business Intelligence, and Artificial Intelligence

## SOFT SKILLS

- Problem Solving
- Communication
- Teamwork
- Time Management
- Willingness to Learn

## AREAS OF INTEREST

- Full Stack Web Development
- Mobile Application Development
- UI/UX Design
