SUMMARY

Motivated Bachelor of Science in Information Technology student and aspiring Full-Stack and Mobile Application Developer with hands-on experience in software and web development. Eager to apply technical skills in building practical software solutions, contribute to real-word development projects, and continue growing as a professional developer.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, Python, Java
Frontend: HTML, CSS, React Angular, Next.js, Bootstrap, Tailwind CSS
Backend: Laravel, Node.js, Express.js, PHP
Mobile: Ionic, React Native, Flutter, Dart
Databases: MySQL, SQLite, MongoDB, PostgreSQL
Tools: Git, GitHub, VS Code, Figma, WordPress, Vercel, XAMPP

ACADEMIC & PROJECTS

VeriScan — Employee Management System | Capstone Project *2026–Present*
Technologies: PHP, Python, JavaScript, Bootstrap, Laravel, MySQL

- Developing a web-based employee management system covering attendance, schedules, leave requests, payroll, reporting, and role-based access.
- Implementing QR-based attendance and facial verification features.
- Designing database structures and backend functionality using Laravel and MySQL.

DocuMind AI — Intelligent Document Assistant *2025*
Technologies: React, TypeScript, Python, Ollama, RAG, Node.js

- Developed an AI-powered document assistant for uploading and managing documents, searching content, and asking questions.
- Implemented a local AI workflow using Retrieval-Augmented Generation (RAG) for document-based question answering.

CampusFlow — Student Companion Mobile App *2024*
Technologies: Ionic, Angular, TypeScript, HTML, CSS

- Developed a student companion mobile application for schedules, tasks, grades, announcements, notifications, and personal settings.

EDUCATION

- **NUEVA ECIJA UNIVERSITY OF SCIENCE AND TECHNOLOGY** *2023–Present*
  Bachelor of Science in Information Technology
  Major in Web System Technologies
  Penaranda, Nueva Ecija

CERTIFICATIONS & TRAINING

- Python Essentials 1
- JavaScript Essentials 1
- Introduction to Modern AI
- Excel for the Future: Unleashing Tomorrow's Possibilities
- 3rd Power of Data: Empowering Data-Driven Decisions with Data Science, Business Intelligence, and Artificial Intelligence

SOFT SKILLS

- Problem Solving
- Communication
- Teamwork
- Time Management
- Adaptability
- Willingness to Learn

AREAS OF INTEREST

- Full Stack Web Development
- Mobile Application Development
- UI/UX Design
- Software Development
